65/10 DECLARATIONS OF INTEREST

None.

66/10 HOUSING SURVEY

Jayne Potts of Cumbria Rural Housing Trust reported on the results of the housing survey. There had been a 38% return which was above average. 9 households were in need of affordable housing, with the need being identified for houses to rent, shared ownership or self build. The households were predominantly young people, small families and adult children. Two other groups had been identified, which whilst not deemed to be in need, were in unsuitable housing. These were adult children living with parents and older people living in houses which were too big for them or difficult to maintain.

The survey had shown that there was a need for affordable housing and a number of sites had been suggested, some of which will be included in the Eden District Council Housing Development Plan Document. These will include Rose Bank Farm, Lime Tree Farm and Loaning Head Farm.

Anne Rogers of Eden District Council confirmed that 4 to 5 units could be built at Loaning Head Farm but as Culgaith was a Local Service Centre some open market building would be allowed so not all the units would necessarily be affordable.

Resolved that the Parish Council should approach the Church Commissioners and Eden Housing Association with regard to Loaning Head Farm. **Resolved** that the Clerk should continue to work with the Cumbria Rural Housing Trust.

The Parish Council formally thanked the Cumbria Rural Housing Trust for their work on the housing survey.

67/10 COMMUNITY LED PLAN

Carl Glynn of ACT updated the Parish Council on Community Led Plans (CLPs). Unlike Parish Plans which had often been driven by parish councils, with CLPs other groups within the community are involved as well as partners such as the District Council, County Council and Primary Care Trust. The idea was to have a co-ordinated approach where priorities could be identified which would feed into District and County strategic plans.

Draft Subject to approval at the next meeting

Oliver Shimell of Eden District Council explained that the District Council had been working with local groups such as the Heart of Eden to develop CLPs and this had led to these projects having a dedicated co-ordinator. The District Council could help with advice and a small amount of funding.

In the discussion that followed it emerged that a new CLP for Culgaith parish would not need to cover the same historic ground as the Parish Plan. A starting point could be a snapshot of where the community is now and how it is moving forward. Consultation within the community does not have to be in the form of a questionnaire it can be done at community events as long as the same questions are asked. The consultation period can be over a few months.

The process involved identifying the themes (for example Housing, Environment, Schools, Highways, Health, Business and Employment, Broadband, Digital television, Mobile coverage). Then identifying the issues and consulting on them before developing targeted action plans.

Resolved that the Clerk should look at the ACT models and examples of other CLPs to identify the common themes and report back to the September meeting.

68/10 CO-OPTION OF NEW COUNCILLOR

The Monitoring Officer had confirmed that it had not received a request for an election to fill the vacancy for the Kirkland and Blencarn ward so the Parish Council can co-opt. A note about the two vacancies had been put into the July Memo with a closing date for applications of July 31st. To date two candidates had come forward. **Resolved** that the Clerk should invite all candidates to the September meeting.

77/10 GRASSCUTTING

The Clerk had met the contractor to review the areas to be cut at Skirwith, of particular concern were the playing field and the area outside the Eden Valley Developments. In both cases the contractor was doing what he has been contracted to do. A review of the land owned by the Parish Council outside Eden Valley Developments showed that part of it was now village green. **Resolved** to ask the contractor for a quote to cut this additional part of the village green for the remainder of the season. **Resolved** to give the Clerk delegated powers to accept or reject the quote.

The contractor had also agreed to look at Kirkland and make sure that the correct area was being cut.

78/10 LITTER PICKING

Following a request from the Parish Council Eden District Council had inspected the verges between Skirwith and Culgaith for litter and advised that no significant litter problems had been noticed but recognised that perhaps the vegetation had grown and may be obscuring any litter that was visible during the Spring. It had confirmed that EDC was responsible for undertaking litter picking of highway verges throughout the District where this is necessary to comply with the standards specified in the Clean Neighbourhoods and Environment Act 2005. Normally litter picking is done during the
